

Sustainable Landscaping Symposium

Passion to **ACTION**

Professional Practices
for Now and the Future

February 14, 2008
Denver Botanic Gardens
8am - 4pm

Keynote speakers and topics include:

- **Kim Sorvig**, author of *Sustainable Landscape Construction: Land-use, Landscape Construction and Climate Change*
- **Garth Conrad** of APLD: **Like Politics, All Sustainability is Local**
- **Landscaping Matters**: Current economic and environmental contributions, and significant steps toward sustainability
- **Sustainable Landscaping Guidelines Side By Side**: Guidelines and certification for sustainable landscaping practices

Join your fellow landscape contractors, designers and architects for an all-day symposium that promises to knock your green socks off! Thought provoking speakers who have pushed the envelope of sustainable design and installation will challenge you to manifest the “green” part of the Green Industry.

\$60 pre-registered or DBG member • \$75 at the door, space available
Registration and more details (DBG Course #08 BLL250) are available at:
